## Stop Press

British Gymnastics is currently investigating live video streaming from events. The 2011 British Trampoline Championships has been earmarked as a trial event with BGtv planning to stream live action from the finals and to make this available from the British Gymnastics web site.

## British Trampoline Championships 2011

*As your performers qualify for Nationals, please ensure that their profile on British Gymnastics website is up to date, including a passport-style photograph. These will be used for Accreditation for the weekend. Accreditation may be a problem if photo's are missing or inappropriate.*

The 2011 National Championships will soon be upon us, and we have taken some time to look at the same event but 10 years ago. The 2001 British National Trampoline finals: At this event there was just individual trampoline, no synchro, no double mini and no GMPD.

Listed below are some interesting facts about the 2001 finals.

- Across the Mens and Ladies (FIG A, as it stands now)
- Edgbarrow had 12 performers competing. With 7 making the top 10 and competing again in the finals.
- Of the competitors who achieved top 10 and competed in a final, 17 have competed at some point so far this season 10 years later.
- In the Under 11 Females, OLGA achieved the top 4 positions!

It was the first time the National Indoor Arena Hosted the event.

### More about the Opening Presentation.

Beginning with a video presentation, two competitor representatives from each club will March On to the competition arena. This will be followed by reading of the Oaths, by a performer representative, and an official representative.

### Stop Press—Provisional dates for 2012

To help you with your planning for buying tickets for the Olympics, it would be helpful to know the date for Nationals next year. Provisional date for next years nationals is 7 and 8 July 2012.

Does anyone know who won the Men's event in 1958? Ladies was Margaret Austin (Kenton) but the men's winner has been lost or maybe there wasn't one? .... its the only hole in our history..
